SureColor P20500

The 64-inch SureColor P20500 professional photo printer delivers high-quality results for fine art, poster and indoor signage production.

The SC-P20500 combines high-quality output with impressive print speeds. It's been designed for photo production businesses that demand impressive and reliable output, time after time. Whether it's printing fine art, posters or indoor signage, users benefit from Epson's Bulk Ink Solution, a wide colour gamut, and Black Enhance Overcoat for deeper blacks and better contrast.

Print Quality
The SC-P20500 uses the PrecisionCore MicroTFP printhead (same as the SC-P2000 and SC-P9500) and the UltraChrome PRO 12 inkset that includes orange, green and violet inks for a wider colour gamut. Black Enhance Overcoat technology (BEO) provides deeper blacks, improved contrast and better tonality and bronzing in dark areas on gloss media.

Productivity
This production printer boasts impressive print speeds and 1.6-litre ink bags for fewer user interventions. In fact, the SC-P20500 needs around half the number of ink changes when compared to its predecessor, the SC-P20000. It also features a self-encrypting SSD (960GB) which allows the user to store and reprint direct from the printer's touchscreen, without the need for a PC.

Usability
The SC-P20500 features a 4.3-inch LCD touchscreen for highly-intuitive operation. Even loading heavy roll media is a simple task, thanks to the roll adapter.

Reliability
Nozzle Verification Technology (NVT) provides reliable reproduction by adjusting the nozzle condition. It automatically detects and adjusts to avoid nozzle clogging. Other features that help with self maintenance include: an easy-to-open cover, an interior light close to the printhead, easy access to the anti-drying cap, and a dust cover which helps protect the printhead and media.

Environmental focus
1.6-litre ink bags use less plastic/litre when compared to traditional ink cartridges. The SC-P20500 complies with ENERGY STAR Ver.3.1.

KEY FEATURES

- **Larger ink capacity**
  The SC-P20500 includes the Bulk Ink Solution (1.6-litre ink bags) which results in far fewer ink changes.
- **High speed output**
  Impressive print speeds for enhanced productivity.
- **Outstanding print quality**
  The UltraChrome PRO 12 inkset includes orange, green and violet inks to provide a wider colour gamut. Black Enhance Overcoat (for deeper blacks) is also included.
- **Less user intervention**
  The dust cover helps protect the printhead and media, while Nozzle Verification Technology (NVT) provides reliable reproduction by adjusting the nozzle condition.
- **Easy to use**
  The SC-P20500 features a 4.3-inch LCD touchscreen for highly-intuitive operation. Even loading heavy roll media is a simple task, thanks to the roll adapter.
- **Ready-to-use solutions**
  The SC-P20500 includes Epson Edge Print PRO, as well as solutions for easier media handling and connection to Epson Cloud Solution PORT.
- **Legal Statement**
  Complies with The UK Product Security and Telecommunications Infrastructure (Product Security) requirements. Epson will provide security updates for 7 years from purchase
