

ANYTHING IS POSSIBLE

with the imagePROGRAF TX and TM Series

Canon

Est. 1991

DESIGNSUPPLY 
supporting creativity

From posters to signage to wall murals, food truck wraps to museum exhibits, Canon's large format printers help you do it all. And thanks to easy-to-produce waterproof prints, the only real limit is your imagination.

The multitasking and feature rich imagePROGRAF™ and TX Series are the ideal choice for the hospitality sector.

High productivity

- Steadfast security with disk encryption and strong passwords to keep information secure
- Fast printing via a new print head and optimised page processing
- High-capacity stacker holding up to 100 standard-sized prints (optional)
- Direct printing via FTP (HP-GL/2, PDF, TIFF)

Excellent print quality

- Produce vibrant colour posters on inkjet plain paper
- LUCIA TD pigment inks ensure excellent colour performance
- Create vivid colour prints with uniform glossiness, even on uncoated paper

Simple to use

- Compact, front-access operation allowing installation flush against a wall
- Effortless media handling with easy roll loading / changing from the front
- Intuitive operation panel with video instructions ensuring easy access for all
- Auto-detection of media source based on tension
- Automatic detection of insufficient media to reduce wastage

Multifunctional print solutions

- Copying and digitisation of drawings using a large-format scanner
- Fast scanning and parallel scanning / printing for high productivity
- Easy control via a built-in PC with a large touch-screen

Water-resistant media

- Weather-resistant prints lasting up to 6 months, with no lamination needed
- Great for outdoor exhibition signage or event posters
- Various water-resistant media types available for added production flexibility

- **Large ink tanks**
- **Front-access design**
- **Fully-featured software**
- **Easily replace ink tanks**
- **Low running costs**
